

Esport

HNC in Esports

Campus: Dearne Valley College

Code: D04HE01

Type: Full Time

The HNC in Esports is designed to give students an overview of the Esports industry. The focus of the program is based around units that provide valuable skills that anyone working in the Esports industry requires. One of the exciting elements of this program is that the skills learnt on the HNC are transferable to many modern businesses. The focus on Operations Management promotes opportunities for students to gain the necessary skills to promote and run esport events.

Esports is an international sporting phenomenon within the global and digital marketplace, in 2021 the community had more than 3.24 billion video gamers across the globe.

Gaming as an overall demographic has a very large audience with the 14-25 age range, with a lot of young people aspiring for careers within the industry. Either as professional ESport athletes or within other roles such as event organising, coaching, video production and supporting roles.

Why Study With Us?

Dearne Valley Campus

Students benefit from studying in a bespoke immersive environment, built to host the digital requirements of the course. This includes two large esports gaming and teaching rooms, VR and Shoutcasting suite.

The design of the course focuses on a broad range of vocational activities to develop specific sector skills and behaviours (the attitudes and approaches required for competence) in addition to transferable skills such as communication, teamwork, research and analysis, which are highly valued in higher education and in the workplace.
